THE STORY OF A CHAMPION

For over 35 years, Jim Click has been racing to support the Adaptive Athletics Program at the University of Arizona. His involvement began in 1981 when Richard Nolen, a body repair man working for Mr. Click, was injured in a touch football game with a group of co-workers. His injury - a broken neck - left him a C 6-7 quadriplegic. Jim visited Richard in the hospital assuring him he would do all he could to help him, and he did. After extensive rehab in Colorado, Richard returned to Arizona and began participating in the Adaptive Athletics Program. He had a very successful athletic career in wheelchair track and road racing and also received a degree in business. Today Richard works for the Jim Click Automotive Team as the Business Manager and Controller.

Jim Click followed Richard's progress in the Adaptive Athletics Program and actively supported its fundraising efforts. Jim would join all of the athletes in the "Push-N-Plod" Wheel and Jogathon every fall semester, raising pledges by sitting down in a sports wheelchair and pushing for hours around the University track. Jim pushed his way around the track every year until it was decided to take the event to another level and create a race for the Tucson community.

In 1995, Coach Dick Tomey lent his name to the event called The Dick Tomey Pony Express. Jim provided the grand prize - a new Mustang. The year 2000 brought the final change to the race to Jim Click's Run 'N' Roll. Former UA Track Coach Dave Murray stepped in to design a fast, flat, fun course on the beautiful UA campus. This annual event has given the Adaptive Athletics Program the needed funds to become a national leader in wheelchair sports. We are grateful for Jim Click's support over the past years.

We strongly encourage you to join our "Friends of Champions" (see inside) and help this highly valuable program continue to fulfill the dreams of future athletes.
